

(Fall 2020)

REMEMBER TO REGISTER EARLY

Program Description

The Mathematics Transfer Pathway AA offers students a powerful option: the opportunity to complete an Associate of Arts degree with course credits that directly transfer to designated Mathematics bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities enter the university with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree programs in a related field.

Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University, Moorhead; Southwest State University; St. Cloud State University; and Winona State University.

Pre-program Requirements

To begin this program, you need to be at a specific skill level in English/reading and math.

English/Reading: College Level Mathematics: College Level

There are other ways to qualify. Visit <u>LSC</u> <u>Accuplacer</u> (Isc.edu/Accuplacer) to find out more

For interpretation of test results and selection of appropriate coursework; or :

Mathematics Transfer Pathway AA - 60 credits

(Fall 2020)

REMEMBER TO REGISTER EARLY
