### **Program Description**

The Welding Technologist Diploma is a one-year program designed to provide an intermediate career pathway in manufacturing, specific to the field of Welding Technology. This 32 credit Diploma is designed to prepare the student for employment as an entry to intermediate level welding or fabrication technologist. This program allows students to gain the information needed to develop skills used in the welding industry. This program covers introductory GMAW, GTAW, FCAW, SMAW, and OXY/Fuel welding processes. Instruction includes classroom lectures and demonstrations, as well as hands-on projects in a lab setting.

*This 32 credit Diploma seamlessly transfers to the Welding Diploma (32 credits)*

*Most of the courses in the I MG Welding Technologist Diploma are offered on site in a lab setting with some of the courses offered online*
